The radio has TK-2180 & I have Kpg-89D programming
software but the radio can't be programmed. I tried KPG
89D, 89D-D 4.7 and 89D 5.0. They all work on the radio

except 89D software. I tried 89D 1.60, 89D 1.61 & 89D 5.0. They all work on the radio. So 89D 1.60 is. I have the Kenwood programming software for it but can't program it. Where can I get a programming cable or program 89D software for it. Thanks.. I don't want to buy more radio. When I try to program the radio it doesn't connect it on to the computer so far I tried the 10 pin and 1cb139a0ed
