The Lubrication of Bearings PDF version in English Lubrication of Bearings, Radzimovsky E. I. 1959(Ronald Press, I have a set of three lathes that I want to convert to reduce machine cost. One is a 25 year old 0.5hp machine. The second is a 5hp machine, and the third is a 1.5hp machine. Since the three were purchased at the same time the only difference in any of the three is the manufacturer's serial number. I have searched the Internet and know of a website that converts the data to make up the new machine. In addition, my website looks at the new serial number and enters it into the proper spot in the web based system. There is a lot of information needed to build the new machine and this is the website I have been given to use. For the lathe, I know that the diameter and pitch circle change for the machines. I can understand that the tools will need to be replaced. What I need to know is what the key numbers are for the new machine so that I can run the data through the website. Please assist me with this. Downloaded From: on 02/18/2016 Terms of Use:.. Radzimovsky, E. I. Lubrication of bearings 1959 (Ronald Press, 16.9 MB. This material is protected by copyright law.
